

High Security Vending Machine

Got a puncture and need an inner tube? Lost your bike light? Not to worry, you can pick one up easily from this vending machine.

This High Security Wall Mounted Vending Machine is designed to vend emergency bike repair parts and accessories. Easy to install, this machine mounts straight onto the wall. Its robust steel enclosure and polycarbonate window are extremely resistant to vandalism, making it perfect to be installed indoors and outdoors.

Highly customisable, the vending machine is available in 10 different colours and has a modular coil and tray system that can vend 15 different products. The built-in vendor sensor guarantees product delivery and can refund the users money. The machine can be configured to accept all payments methods including coins, notes and credit cards.
